

Dear family and friends,

As we move into fall full-tilt, we are so **thankful for you**, your fervent **prayers**, your faithful **partnership**, and the **Lord who binds us together** in heart, mind, spirit and purpose.

What's been happening...

The past couple months have been filled with preparing for a busy year of **training pastors** globally and conducting my **doctoral research** globally. In addition, it has been a transition time for our **family** as we [dropped Adam off at Trinity Western University](#), Alyssa has started high school through her online academy, and Andrew has begun attending college classes at SPSCC (high school + college credit). We've been working on remodeling our kitchen, have enjoyed [preaching](#) at and being involved in [our local church](#), and are trusting God to guide us through this eventful upcoming season. For more on recent family activities ([youth mission trip to Mexico](#), [backpacking](#), [triathlon](#), etc.), click the links or visit the past several entries on our [website](#) (belzglobal.com).

What's coming up...

- Sept 24 – Oct 3 – Matiliku, Kenya and Tanga, Tanzania. Workshop 5 with AIC pastors in southern rural Kenya, then I make my way to Mombasa then by bus to the Tanzanian northeastern coastal city of Tanga to establish a new Pathways network.
- October 5-7 – Olympia, WA. Missions conference at Hope Community Church.
- October 15-22 – Abidjan, Cote d'Ivoire. Workshop 2 with ReachAfrica pastors in West Africa.
- November 4 & 7 – Olympia, WA. Preach at Littlerock Community Fellowship.
- November 11-19 – Mbeya, Tanzania. Workshop 1 with new network in Western Tanzania. Also my doctoral research begins with pastors in Dar es Salaam.
- December 6-16 – Malindi, Kenya. Workshops 1-3 with a network on the Kenyan coast.

Once again, we are truly grateful for your continuing partnership that enables us to train hungry pastors throughout Africa to study and preach God's Word.

With our love and prayers,

Eric, Holly, Adam, Andrew and Alyssa
