

Training pastors in Tiruchirappalli, India

Dear ministry partner, God is working in Asia! Since I'm usually training pastors in Africa, I witness His hand all over that continent, but the past couple months I've seen some of the exciting things He's doing in various parts of Asia as well.

January – India

In two locations hundreds of miles apart I conducted research interviews and trainings for pastors and learned how graduates of Pathways are **putting into practice** many of the principles we have taught them through our three-year series of Pathways trainings. I've also been learning many areas where we can improve our trainings. [CLICK HERE for more details.](#)

Also in January, several **U.S. based ministry leaders** gathered in Olympia for a Pathways training I offered them. Hopefully someday they will join us. [CLICK for more.](#)

February – Thailand and Sri Lanka

In both of these locations, I heard **amazing accounts** of how God is using the study and preaching of His Word to transform pastors, churches, communities and beyond.

- In one case, the men of the church who had stopped attending have returned to Sunday morning services because they are now being **taught from God's Word** and not simply from man's ideas.
- In another case, the members of the Lahu village church in Thailand gather Sunday evenings at the pastor's home to **evaluate the preaching** of any guest speaker, to see if it aligns with Scripture!

- In Sri Lanka, **pastors from surrounding churches** even have shifted their service times so they can listen to our Pathways pastors preach Sun. AM and then follow the model that night.
- In some cases enduring intense **persecution**, these pastors faithfully put into practice Pathways' principles.

Interviews for **dissertation research** are followed by many hours of transcribing, analyzing, coding and extracting helpful data that will bless not only our team and Pathways pastors but Lord-willing many other groups who train cross-culturally. **Please continue to pray for perseverance.**

Future training plans

- **March** – Tanzania. Two trainings in opposite parts of the country.
- **April** – Kenya. Two trainings with new networks.
- **May** – Brazil. Training pastors and conducting more research interviews.
- **June** – DR Congo and Cote d'Ivoire – Continuing trainings in West Africa.

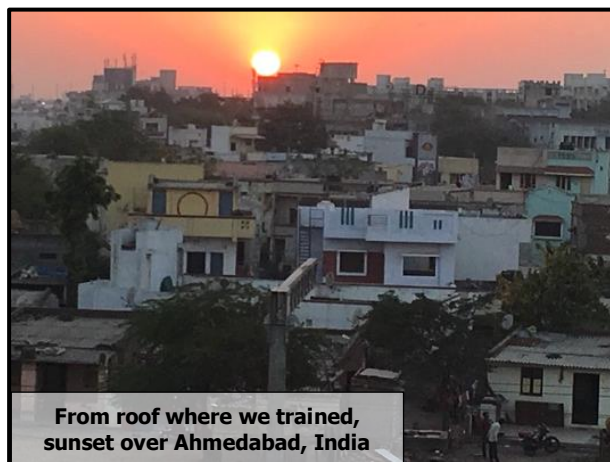

On a personal note, God is allowing our family to grow in our faith and trust in Him in some stretching ways. [Read more by CLICKING HERE.](#)

Grace and peace to you as we continue fulfilling the Lord's call upon our lives.

You are an integral part of all we do, and **we are grateful for you!**
