

**Dear mission partners,**

In Isaiah 30:18 we read, *"The Lord waits to be gracious to you, and therefore he exalts himself to show mercy to you."* Again and again over the past 12 years of full-time mission service we've experienced God's grace and mercy. Most recently, not only did God give us a wonderful training experience in rural Kenya, but I was also able to make a connection with a dear man of God who has been working in one of the **least reached and most persecuted parts of Africa**, and it quickly became apparent God brought us together. Stay tuned for updates, but working with these unreached people may very well be in my near future, praise God! This is an answer to prayer for both Holly and me. For more on this time in Kenya, [CLICK HERE](#).

On Monday, I leave for West Africa. For over five years I've been working with a network of pastors in **Togo**, and next week we will finish our final workshop where they preach full sermons using all Pathways principles through the book of Colossians. We will have a graduation ceremony celebrating God's grace and faithfulness. Then I'm off to **Liberia** to build relationships, offer a vision conference, and prepare to launch a new Pathways network. **Please pray** for these important times.

Meanwhile, we have **fun family updates** to share:

**Alyssa** just **graduated** from high school, and also earned her AA degree through a dual enrollment program. She placed in the top of her class, and we thank God she is progressing well physically, intellectually, socially, and spiritually. For more, [check this out](#).

**Adam and a new local friend in SE Asia**

**Adam** is right now in SE Asia serving the Lord and local workers in a variety of ways through the mi\*\*ion department at his seminary. Please pray for him as well.

**Thank you** for your faithful prayers and partnership as we continue together in our Lord's service. *Love, Eric and Holly*
