

Dear friends,

We're going high tech this time, which is a bit difficult if you only receive printed newsletters. On our website, I have posted a six-minute fun, inspiring **VIDEO** that gives a brief glimpse into how significant **your investment is in training African pastors**. I know you'll enjoy it. Visit www.belzglobal.com and click on the link to right that says, "Videos updates from the field" and then click the video to view it.

In addition, if you can get to our website, you will find recent blog posts of testimonies from African pastors with whom we work about how vital the Bible training we offer is. Also, there are posts on my training trips to Kenya and Tanzania a few weeks ago.

Upcoming Schedule

November – Kinshasa, Congo - Workshop 1.

December - Kigali, Rwanda - Workshop 3.

January - Tucson, AZ - Global Equipping Division meetings.
Then to Addis Ababa, Ethiopia.

Please join us in prayer:

Next week I leave for Kinshasa, Congo, a city of approximately 10 million, located in West Africa. My colleague Brad Reardon and I will be launching a new Pathway training network for 16 denominational leaders who will then pass the trainings on through their connections to thousands of other pastors. This is one of our most strategic locations. Please pray for God-anointed blessing on the entire endeavor, and pray for my family while I am away.

We are truly **grateful for your faithful, generous and vital partnership** with us.

With love and appreciation, *Eric, Holly, Adam, Andrew and Alyssa Belz*
